Tournament point system

Begin the tournament with "The Tower"; the player who loses this game chooses one of the other mini-games:

The Tower: +1 point per card collected / +5 points to the player who has collected the most cards

The Well: +10 points to the first player to run out of cards / -20 points to the last player

Hot Potato: -5 points per round lost

The Poisoned Gift: +20 points to the player who has collected the fewest cards / +10 points to the player who finished in second

What's Spot it!?

Spot it! is a card game consisting of 55 cards, each decorated with 8 symbols. There are more than 50 different symbols in all. One—and only one—matching symbol exists between any two cards. Get ready to Spot it!

Before you start playing...

If you've never played *Spot it!* before, familiarize yourselves by drawing two cards at random and placing them face-up on the table so that everyone can see.

Find the matching symbols between these two cards (same shape, same color; only the size may be different). The first player to spot the matching symbol must call out its name and draw two new cards, placing them on the table.

Repeat these steps until all the players have clearly understood that there is always one—and only one—matching symbol between any two cards. That's it. Now you're ready to play *Spot it!*

Object of the game

No matter which mini-game you're playing, the goal is always to be the fastest player to spot the matching symbol between two cards and call it out. Then, depending on the specific mini-game, you will either place the card on a pile, or discard it.

The mini party-games

Spot it! is a series of fast, challenging mini party games in which all players play simultaneously. You can play them in any order, or only play your favorites. The bottom line is, have fun! It can be helpful to play a few practice rounds first, to make sure everyone understands the rules.

The player who wins the most mini-games is the champion. For more competitive players, a tournament point system is available at the end of the booklet.

If there's a toss-up....

The player who calls out the name of the symbol first wins. In the case of a tie, the player who takes, places, or discards the card first wins.

Tied for first?

If 2 players are tied for first at the end of the game, the winner is settled by having a duel. Each player draws one card and flips it face-up at the same time. The first player to spot the matching symbol between the cards and call it out wins the duel. If more than 2 players are tied, play one round of "Hot Potato" to determine the winner.
